

Dental Treatment in the Era of Covid-19 / Informed Consent

Thank you for your continued trust in our practice. As with the transmission of any communicable disease like the cold or flu, you may be exposed to COVID-19 at any time or any place. Be assured that we have always followed state and federal guidance, recommended universal precautions, and disinfection protocol to limit the transmission of all diseases in our office and will continue to do so.

Despite our careful attention to sterilization, disinfection, and the use of personal barriers, there is still a chance you could be exposed to an illness in our office.

Although exposure at our office is unlikely, we want to inform you of the risks and obtain your consent to treat.

Do you accept the risk and consent to treatment?

Yes _____ No _____
